Court Timers - Members Survey

A big thank you to all members who participated in our "Court Timers Pilot Program" in May earlier this year. During the pilot, court timers were used to limit games to 15 minutes when 8 or more players were waiting on a court. If a game was tied at the end of 15 minutes, the winner was decided on the next point regardless of serve. The goal of using timers was to reduce overall wait times and increase player rotations when the courts were overcrowded.

To determine what changes, if any, will be incorporated into our Policy of Play, we'd like to ask everyone to take a moment to provide feedback through an online survey.

This brief survey should take less than 5 minutes to complete and your responses are confidential. Please click on the link below to participate. As a thank you for your time, the first 100 submitters will be entered into a drawing where 3 winners will receive a \$25 Amazon gift card. The survey will close at 5pm on Thursday August 14, 2025.
