## Members Update January 2023

---

Happy New Year to all! We hope everyone had a great holiday season. As your new Board of Directors, we would like to start the new year by providing a brief update on the status of the club and also communicate what we currently have planned for 2023.

Although we increased our membership fee to \$75 per year, we are starting the year strong with 800 paid members. Overall, our finances remain healthy, and our current membership level allows us to fund operations for the year, which include court usage fees, venue insurance, and restroom access.

We are also pleased to announce some changes and new activities planned for this year. Later this month, we will be implementing changes to our "Policy of Play" that will address issues around skill level court designations, wait times, and player rotation. In the spring, we plan to begin monthly round robins and weekend ladder events. In addition, we are currently considering other activities such as inter-club competitions, league play, off-site social events and more.

Other announcements:

- TUSD maintenance will clean the courts once a month and fix the cracks on courts 2 and 5.
- We will be implementing a Suggestion Box on our website and at the courts.
- We are researching the cost and feasibility of installing a live webcam that can be used by members to remotely assess court conditions and crowd size.
