## Court Reassignments, Effective August 1, 2025

Hello Members!

As more members level up their game, our club has seen a significant increase in the number of players moving from novice to intermediate and advanced intermediate levels this year. With this increase, we find ourselves frequently reassigning lower level courts to higher levels and moving players around to even out wait times.

To address this issue on a more permanent basis, we have made the decision to reduce the number of Novice/Intermediate (green) courts to create one additional Intermediate court (blue) and one additional Advanced Intermediate/Advanced (orange) court.

Furthermore, the numbers assigned to courts 4 and 6 will be swapped so that all court numbers will be sequential as they increase in skill level.

**These changes will become effective on Friday, August 1, 2025.**

The new court assignments are shown below:

As we make this change, we would like to remind everyone that it is very important that all members play on the appropriate court for their skill level. We all want to have the best game possible and that usually requires that all players are close to the same level. For more information on the topic of "[Open Play Etiquette](#)" and what is expected of all members, [click here](#).

As the leaders of Tustin Pickleball, we are fully committed to continuously improving our program to create the best playing experience possible. If you have any questions, comments, or suggestions, please reach out to us. We thank everyone for their support.

Your 2025 Board of Directors
